

Medications

Please note that all prescription medications, over-the-counter medications, and supplements must be in their original containers and must be turned over to the Medical Leader at check-in on the first day of camp, with the exception of personal handheld emergency inhalers or epipens (asthma inhalers only; separate authorization form required). The Medical Leader will dispense prescription medications in accordance with the prescription label instructions. The Medical Leader and their designees will administer over-the-counter medications and supplements in accordance with the dosage information on the container. If it is not necessary for the camper to continue taking supplements while at camp, consider keeping these at home for the week. Please refrain from taking a “holiday” from any ADD or ADHD medications during camp.
